OF HARTFORD, CONN.

## OUR GUESTS THE SOLDIERS

THEIR HOSTS THE PEOPLE OF HONOLULU.

In Their Attitude Toward Each Other They Exemplify the Spirit of Kipling's Most Stirring Verse.

Oh, East is East and West is West,  
And never the twain shall meet;  
Till Earth and Sky shall presently  
Stand at God's judgment seat.  
But there is neither East nor West,  
Border, nor breed, nor birth,  
When two strong men stand face to face.

—RUDYARD KIPLING.

There probably was never a more concrete exemplification of the spirit and thought Kipling has so vividly expressed in lines, than in the attitude and character of the troops now with us toward the people of Honolulu, and of the people of Honolulu toward the soldiers.

The soldiers are sturdy, self-reliant and asking nothing. The people are open in their hospitality, cordial and gracious as a proud and self-respecting people may be.

Whether consideration is given to the troops alone or to the relation between the troops and the citizens, the figure of speech of two strong men standing face to face, the meeting of the East and West is complete.

Among the troops here are men who have faced danger or attained distinction in every quarter of the globe. Among our own people duty has been well done in the past unflinchingly.

What picture of self-reliant frankness, of unembarrassed candor, could be more complete than the entertainment of the troops at the Executive grounds this afternoon.

The men from the Pennsylvania to the number of 1,300, headed by the excellent band of the Montana regiment, were marched to the government building a little before noon, where their thousands of comrades have been entertained before. Captain George Ashley and his corps of assistants had everything in readiness, and there was no delay.

The corps of ladies who volunteered their assistance under the able direction of Mrs. S. E. Fuller was as large as ever, and there seemed to be no diminution in the quality of good things sent in by the ladies who could not personally assist.

Mrs. Damon entertains about twenty-five of the Boys in Blue at dinner every day.

Mrs. Love has had soldier boys for her guests at dinner and frequently at lunch every day since the Peru and City of Puebla arrived.

The soldiery we have with us are remarkable for their good behavior. They wander freely round the country and we hear of no difficulty with the people. And yet the poor fellows themselves get into pillkias. Take for instance a couple of men yesterday. They had forty-eight hours leave, and wandered out beyond Diamond Head. Night came on and they were lost. They quietly entered a lot near the headlands and went to sleep. At midnight the owner found them sleeping comfortably on grass recently watered. He suggested that it was not a healthy location. He invited them in to his house; gave them a good bed and supplied them with a bountiful breakfast in the morning. But see the honorable character of the men, who were quite content to have taken their night in the open air and walk into town breakfastless. There are very few armies that have material all round like that.

**CHARLES CREIGHTON ILL.**  
Charles Creighton was suddenly taken with an attack of partial paralysis of the left side yesterday afternoon. He was immediately sent home and attended by Dr. Cooper, under whose ministrations he was improving this morning.

**WHEELS.**  
That wheel easily, safely—strong to endure, lasting and sure—are Sterling Bicycles. They are made to be right in every part and respect. Nothing shirked, nothing neglected. Mechanical perfection. The kind you want. Tried once, never abandoned. Pacific Cycle and Manufacturing Company, Agents.

**MESSANGER SERVICE.**  
Honolulu Messenger Service deliver messages and packages. Telephone, 378.

**Fine Repair Work.**  
When your Bicycle, Gun, Typewriter or any article of fine mechanism needs repairing and you wish a job which is certain to prove satisfactory, bring it to us and we will fix it for you and guarantee it fully.

We take pride in turning out only the very best of work and will call for and deliver it to any part of the city.

**Pearson & Hobron**  
312 Fort street. Telephone No. 565.  
Opposite Lowers & Cooke's.

## SUMMER SCHOOL ENDED

HEARTY VOTE OF THANKS GIVEN COLONEL PARKER.

Session Declared by Those Who have Attended to Have Been a Pleasant and Profitable One.

Colonel Parker concluded his course of lectures this morning by an address on school government. He said he had talked of nothing else. Order in the individual is the limitation of personal energy to educational work. You are in order now if you settle down and control yourself, that is, attend by an act of will to everything that is interesting. But what is educational work? We work together in societies, in schools. So we have to have a modification. What we do for others is educational and moral work. The only way to help ourselves is to help others. "He that would save his life must lose it."

The work in communities is that the energy of all the community is limited to educational work. In that case comes compromise. The individual may do things without regard to others, because others are not there. But society, democracy, is an everlasting compromise. We have to adjust ourselves to the movement; and help it on. The trained citizen is the highest result of civilization.

The question of how much whispering or noise there should be in school is answered by saying, just enough to help the work. He wanted to present the doctrine of order. Every voluntary act has an end or aim. He imagined that end or aim and then moved towards it; that is, he strove to attain it. Our motive is the movement of the ideal. The knowledge wanted is that which reaches the ideal; whatever can be used for that purpose, is selected and adopted. All else is thrown aside.

He summed up thus: All ideals that are true require constant struggle, effort of the mind, skill of the body, correction of the muscles, and in that struggle there may be pain, sorrow, but it is all for the end in view, and it is all interest.

Colonel Parker concluded by saying he had never spent a more happy three weeks than in this new world.

A hearty vote of thanks was moved by J. F. Scott, to Colonel Parker for his inspiring and stimulating lecture.

**NO LONGER MINISTER.**

Hon. F. M. Hatch this morning tendered his resignation to President Dole as Hawaiian Minister to Washington, to take effect at once. He said this morning that having accomplished the object for which he went to Washington, he desired to be free to devote himself to private interests.

**ACCIDENT AT OAHU.**

Chinese Succumbs to Injuries Received.

A Chinese laborer named La Look was sent to the Queen's Hospital yesterday afternoon from Oahu plantation, where he had fallen off a moving train, suffering the loss of one leg, besides other injuries. He died this morning in spite of all that could be done for him.

Deputy Marshal Chillingworth will empanel a jury to view the body this afternoon and the inquest will be held at 9:30 tomorrow morning.

**DELICACIES FOR THE SICK.**

Eugene Rosenthal, who was with Clara Barton and the Red Cross in Turkey, is on the Pennsylvania on his way to Manila. He has in his charge about \$6,000 worth of Red Cross supplies, tents, hospital equipment and that sort of thing, for use in the Philippines. In addition to that he started with about \$400 worth of delicacies and supplies to be used on the voyage. He says that owing to the change of diet and commissariat from camp to shipboard more of this was used coming here than was expected, and that some of his stores were broken into. For this reason he has not sufficient for the trip from here to Manila, and he makes an appeal for additional supplies. He particularly needs canned fruit, condensed milk, cocoa, soda crackers and similar delicacies.

**FRESH IMPORTS.**

By the S. S. Alameda, Camarinos will receive cherries, rubarb, asparagus, celery, cauliflower, fresh salmon, crabs, flounders, oysters (in tins and shell), apples, grapes, figs, lemons, Burbank potatoes, pure olive oil, dried fruit, new crop of nuts, raisins, etc. California Fruit Market, King street.

**AT FIVE CENTS A YARD.**

Fine French chailies, French organdies, printed nainsooks, fine white dress goods, all fresh goods and new patterns, and are to go at 5 cents per yard, at L. B. Kerr's great clearing sale.

The store that never disappoints.  
McInerney Shoe Store.

**LADY ADMIRALS.**

Never disappoint. When you see their features, outline, workmanship, and we quote the price, you wonder why we don't ask twice as much. Let us show you our line of bicycles. We can repair your wheel no matter what make it is.

**EAKIN & WHITMAN,**  
Fort Street.

## THIS IS THE OPEN SESAME

REAL PURPOSE OF THE FORTY CLUB.

No. 1 of the Organization Tells Its Purposes and Plans and Proposed Mode of Accomplishment.

Editor Star: As usual you have distanced your two contemporaries in your discovery of the "Club of Forty" and in the main your last two local articles have been correct. Being in a position to know I will say that the organization of the club was perfected and temporary officers elected two months before annexation became an assured fact. These officers have diligently attended to their tasks and could now burst forth with a fully enrolled quota of members, so numerous have been the applications for membership. But as you first stated, and as the name of the club imports, there can and only will be forty members, and they are now being selected by the committee—no more. The forty-first man must wait for the death or resignation of one of the original members, and my experience with similar organizations in the States teaches me that few die and none resign.

**RAID ON PURSES.**

Whether intentionally or not, your reporter has written his articles in such a manner as to leave the impression that the purpose of the organization is to start a raid on the purses of the would be candidates and I see by editorial notes in other papers that this key-note is being sounded by those who have hitherto had a monopoly in that business. The purpose of the club is higher and its chief purpose and interest may be summed up as follows:

**HOW IT WILL WORK.**

The selection of men for membership who can be trusted to stand or fall together; that they shall vote for no man who shall not pledge the executive committee to give a position to such proper and fit person as the organization may select and such person so selected may or may not be a member of the club. We want forty places in the distribution of patronage and intend to have them, or do our best to defeat the men who refuse to take our pledge when their names come up for our suffrage. We do not intend to be allied to any party, but to select from all such men as we can rely upon.

**THE COMING DAWN.**

The day of centralization is passing away and the dawn of equal representation in public office is breaking. The "Forty" will be composed of men with higher motives than that of "ward strikers"; of men who are determined when the time comes that the poorest candidate will receive the solid vote of forty men and all they can control among their friends, if his election will insure a chance of livelihood to one selected by us as fit to have the place. There will be no chasing after rich men for that would at once stamp "piece club" all over the acts of the organization. We seek no financial aid. Our members may need it and to meet that necessity shall insist upon representation in the government employ, and will try to worry along on the salaries allowed by law. As you remarked editorially, "politics ought to be every man's business." Rest assured that clean politics will be the business of the "Club of Forty" and keenly that of "NO. 1."

**PUEBLA AND PERU.**

The medical officers and members of the hospital corps on the Peru and City of Puebla are as follows:  
On Steamer City of Puebla—First Lieutenant Franklin M. Kemp, acting assistant surgeon United States army; Acting Assistant Surgeon P. S. Kellogg, United States army; Acting Hospital Steward Adolf G. Knies and J. B. Barnes; Privates Henry W. Fiege, William S. Layman, Nicholas Harpel, Roy D. Smith, William D. Boyden, Alfred Green, Louis R. Boudereaux, Louis Laplace, Emil Roloff, Charles V. Harris.

On Steamer Peru—Acting Assistant Surgeons George H. Richardson, Chas. A. McQueston and Clarence Quinan, United States army; Hospital Steward Hans Hoch; Acting Hospital Steward Wallace S. McFarlane and Clay H. Powell; Privates George I. Vaughan, Edward Cunningham, John T. McDermott, Joseph P. McNamara, Rudolph De Castella, Macon M. Bela, William J. Waters, William C. Farrell, Michael J. Runne and Edwin R. Watson.

**CABLE MATTERS.**

General Hartwell received a telegram yesterday from J. A. Scrymser, acknowledging receipt of telegrams sent from here in relation to the Pacific cable contract.

**SWEETING REDUCTIONS.**

All the dress goods in cotton, wool and silk will be cleared out in order to make room for extensive alterations in store. Sale commences Saturday morning, and will continue for one week. N. S. Sachs Dry Goods Co.

**FRESH FRUITS**

Received by the Alameda and Mariposa: Cherries, Pears, Peaches Plums, Navel Oranges, Apricots, Apples, Lemons, Limes, Nuts, Celery, Rhubarb, Cauliflower, etc.

**EDGAR HENRIQUES,**  
Masonic Temple, Tel. 444. P. O. B. 542.

## HAWAII'S VALUABLE TRADE

CONSUL GENERAL HAYWOOD IS PROMPT.

An Interesting Report Upon the Islands and Their Resources Furnished to the United States.

WASHINGTON, D. C., July 18.—The latest and fullest information relative to the newly acquired territory of the United States, the Hawaiian Islands, has just been given to the public in a special publication by the Bureau of Statistics, Hawaii, it is shown by this statement, at present imports almost everything she uses, aside from sugar, coffee and fruits, attention having been almost exclusively given to the raising of sugar, all of which aside from that consumed in the Islands, is exported to the United States. Indeed, the United States in 1896 took 99.64 per cent of the entire exports of the Islands and supplied 76.27 per cent of all the imports, and Consul General Haywood in his report expresses the opinion that, in case of annexation, over 95 per cent of the imports into the Islands would be the growth, product or manufacture of the United States, and adds that if the American tariff were in force in the Islands about \$300,000 worth of imports which now enter free of duty, and are bought in countries other than the United States, would be bought from this country, the free importation of fertilizers and coal alone in 1898 amounting to \$466,319.

**FREIGHT RATES.**

Freight rates from San Francisco are: By steamer, \$5 per ton and 5 per cent primage; by sailing vessels, \$3 per ton and 5 per cent primage; while the rates to Atlantic ports are from \$5 to \$7 per ton, with 5 per cent primage, and the duration of the voyage from New York to Honolulu from 89 to 134 days. On the islands there are three railroads which, however, are used principally in carrying the products of the plantations to the various points of shipment and aggregate about 70 miles in length.

The annual internal taxes average \$6.48 per capita, the total revenue from all sources, \$2,282,070 (in 1896); expenditures, \$2,137,103, and the public debt, \$4,101,174, bearing interest at 5 and 6 per cent. Commercial travelers are, under the law now in force, required to take out a license costing at Honolulu for the island upon which it is located, \$570, and on each of the other Islands, \$225.

**EMPLOYMENT AND WAGES.**

The statement is not such as to encourage those desiring to seek employment in Hawaii. The market for all kinds of labor, it says, is overstocked, and it would be very unwise in the opinion of the Consul General, for any one to visit the Islands with no capital on the mere chance of obtaining employment, many of those who have so arrived being compelled to return disappointed. Wages on the plantations including house and firewood or room and board, range from \$125 to \$175 per month for engineers and sugar boilers, \$50 to \$100 per month for blacksmiths and carpenters, \$40 to \$75 per month for locomotive drivers, \$100 to \$175 per month for bookkeepers, and \$30 to \$40 per month for teamsters.

**SUGAR AND COFFEE.**

Curiously the productions of the Islands are almost entirely a class of articles for which the people of the United States have in the past been compelled to send money outside of their own borders. Sugar, coffee, the tropical fruits and rice, for which we send abroad more than \$200,000,000 annually, are the chief products of the Islands, and while the quantity so produced amounts to less than one-tenth of this sum, it is believed that it may be materially increased and to this extent our expenditures for this class of articles be, in future, kept within our own borders and also among our own people.

Of sugar, of which it is said the Hawaiian Islands are much more productive in a given area than those of the West Indies, the exportation increased from 294,784,819 pounds in 1895 to 320,158,292 pounds in 1897, and for 1898 will, it is expected, be considerably in excess of last year. Of coffee the exportation increased from 3,051 pounds in 1891 to 337,158 pounds in 1897; of rice the exportation increased from 3,768,762 pounds in 1895 to 5,499,499 in 1897, and in pineapples the increase was equally striking.

**CAPTAIN HUGHES DEAD.**

The well known master of the ferry steamer Oakland, plying between San Francisco and the city of that name, Captain William Hughes, is dead, at the age of 68 years. He entered the service of the Central Pacific in 1870, and at different times was master of the ferry boats El Capitan, Capitol, Alameda, Newark and Oakland.

**WHY NOT BUY A SINGER?**

You want a sewing machine? Then why not buy a Singer? There has been more of them sold than any other make. They wear longer, run lighter and do better work than any other make. They have never been a cut price machine, the workmanship on the Singer will not admit of cut prices. A few dollars in the original cost between a good machine and a poor one counts for nothing. B. Bergerson, agent, Bethel street.

## THE BOARD OF EDUCATION

NUMBER OF SCHOOL TEACHERS WHO WILL SWAP POSITIONS.

Changes in the Kalihi-waena and the Chinese Boys' Schools—A Long Session and Little Business Done.

The Commissioners of Education have made the following transfers and assignments for the coming school year.

Miss Lulu Cameron is transferred from the Chinese Boys school to the one at Pohukaina; Miss Helen Robertson from the Kalihi-waena school to the Chinese Boys' and Miss Lizzie Grace from the Maenae school to the Kalihi-waena. These changes leave a vacancy at Maenae school to be filled, but they were made to suit the convenience of the teachers by bringing their schools nearer their homes.

Miss Blanche Horner was selected out of several applicants for the Wai-kiki school vacancy made by the resignation of Miss Kate Howland.

Positions in the Kalihi-waena school were offered to Robert Law, now in North Kona, and Stephen Lukua. The present incumbents, Mrs. and Miss Weir will be otherwise provided for.

Miss Maggie McCarrison was transferred from Hanaelei, Kalahele, to the Chinese Boys' school, and Miss Wilhelmina Joehnke will be given the Hanaelei school vacated by Miss McCarrison.

A large number of similar changes yet remain to be acted on and the Board will hold another meeting for the purpose on Monday next.

**RED CROSS BOXES.**

The ladies of the Honolulu Red Cross Society have put contribution boxes in various stores and offices in the city with the hope that their silent appeal to generous minded people will meet a full and liberal response. There are, it is believed, many who cannot afford to give large amounts, or who have not the opportunity of paying their subscriptions at the headquarters, who will avail themselves of this opportunity to give small amounts. Dollars can be given in this way as well as quarters and dimes. Any amount will be gratefully received as the various lines of work upon which the society has entered, call for the increasing expenditures and the treasury is not over-filled to meet the emergencies that may arise at any moment.

**FEEDING THE SOLDIERS.**

Red Cross Ladies and Private Families Vieing With Each Other.

At the rooms of the Red Cross Society over 300 meals were furnished to visiting soldiers yesterday while large numbers were entertained by private families, in two and three and even larger contingents.

At the residence of Mrs. J. A. McCandless on Beretania street, tables were set in the grounds and all passing soldiers were invited in. Something like 125 men were given a good meal during the day. The ladies who assisted Mrs. McCandless were Mrs. Rose, Mrs. McLeod, Mrs. Webster, Mrs. John Wilder, Miss Chaffee and Miss Cartwright.

**THE MILK IN THE COCOANUT.**

Mrs. Ward complains of her cocoanuts being stolen by the Boys in Blue. The matter should be investigated by the police. Knowing how well the boys behave as a rule it seems odd that they should misbehave at this particular house. The probability is that they do not understand that the trees are on private property. A board stating that it was private property might answer all the difficulties and make them cease.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by Benson, Smith & Co., wholesale agents for Hawaiian Islands. All druggists and dealers.

Five new Portfolios at Star office.

Awarded  
Highest Honors—World's Fair.  
Gold Medal, Midwinter Fair.

**DR. PRICE'S CREAM BAKING POWDER**  
MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. In all the great Hotels, the leading Clubs and the homes, Dr. Price's Cream Baking Powder holds its supremacy.

40 Years the Standard.

LEWIS & CO., Agents, Honolulu, H. I.
